

Try as you might,
you cannot remove these feelings.

You have become a love-monster.

Here you are,
floating aimlessly through the
blissful void of lovelessness.

HOW to LOVE

INTRODUCTION

Then you encounter someone.

Someone beautiful, interesting,
and compellingly aloof.

You search desperately for help,
and find a handy guide.

You are intense, desperate

breathing down their lovely neck,
craving to be with them all the time.

Of course, this makes you
hideously repulsive to your beloved.

These feelings of Love
transform you.

You project your tender
feelings onto this guide

and love it forever.

Suddenly: feelings.
